WARM BALL GAME NEXT TO START NEW DEPOT SPEEDILY

EXCURSION TRAIN WILL BE RUN FROM CITY TO THE GROUNDS.

El Paso Team is Stronger Than That of Douglas, But the Bisbee Players Feel They Will Be Able to Make a Creditable Showing.

Bisbee will have another excursion on Sunday on account of the ball game that has been signed for between El Paso and this city. Rates will prevail from various points for the excursion.

As on last Sunday, an excursion train will be run from the city to the Don Luis grounds, leaving here at 1:30 in the afternoon. It is expected that it will handle as much of a crowd as that taken out last Sunday.

The El Paso team with which Bisbee players will cross bats is said to be a stronger organization than that which Douglas went to town last Sunday, and it is expected that the game put up will be a hot one throughout. The home players are not overconfident of the outcome, but they feel that they have a very good showing to win and will do their best to that end. If successful they will arouse sufficient baseball enthusiasm in the city to insure plenty of enthusiasm for the balance of the season.

KILLED BY CARS.

William Young, night watchman at the Old Dominion smelter, while returning from town to his place of employment last Monday night, and when crossing the small trestle near Banker's Beer garden, was struck and run over by three cars. Mr. Young was walking with T. M. Wolf, and as the night was very dark, neither of them noticed the cars approaching from behind until the cars were almost upon them. Mr. Wolf noticed them first and jumped, at the same time calling upon Mr. Young to jump, but by this time the cars were so close upon him that he was struck before he could reach the outside of the track. As soon as the cars passed Mr. Wolf and Mr. Tucker, who had arrived upon the scene, climbed back upon the track and found Mr. Young's body between the rails.

The funeral took place from the undertaking parlors Wednesday. Globe Register.

The changes at the depot will be so conducted, Superintendent Hunter states, that practically no inconvenience will be put upon the public during its progress. The force will be disturbed to a degree for a couple of days, but it is not anticipated that this disturbance will make any delays to the public. When the new depot is finished, it is promised, the very much greater convenience afforded patrons of the road in every way will more than offset any temporary inconveniences that may be suffered.

LAWYER SUES FOR FEE.

U. S. District Attorney Nave Wants \$25,000.

The Tucson Citizen says: U. S. Attorney Nave returned this morning from Nogales, where he was the complainant in a suit against Dr. W. F. Chenoweth and his brother, E. H. Chenoweth, in an action to recover attorney's fees amounting to \$25,000. The matter was brought into court on account of the sale of the Sierra Prieta mines, which occurred some time ago, whereby the Chenoweths realized the sum of half a million dollars. In a dispute which followed afterward, the attorney offered to compromise the matter for \$5,000, but this offer was refused. The case was given to the jury yesterday at noon, and they were out all night. This morning when they came in it was found they had disagreed, and from reliable rumors it is understood that three-fourths of them stood for the larger sum, while the remainder were only in favor of granting the amount of the compromise, \$5,000.

PHOENIX REPUBLICANS.

Put City Ticket in the Field With Adams for Mayor.

The Phoenix Republicans held their convention last Friday and nominated a full city ticket. The city election is a three-cornered fight in Phoenix this year, with a reform movement poorly organized playing third fiddle. The Republican ticket is as follows:

For mayor, J. C. Adams; for recorder, Frank Thomas; for marshal, J. H. Kinney; for treasurer, F. O. Richmond; for assessor and tax collector, Charles W. Barnett. For councilmen: first ward, H. B. Kersting; third ward, F. B. Moss.

HISTORIC EASTER EGGS.

We read that in the time of Louis XIV, and Louis XV, after the Easter mass, eggs were brought to the king in baskets handsomely gilded and were distributed by the monarch himself to his household, courtiers and servants being included. These eggs were colored and some of them exquisitely decorated with scriptural subjects. For a long time several eggs were preserved in the Versailles museum that had been decorated by the hand of two of the most celebrated artists of the last century and had been given as a present to Victoria, the daughter of Louis XV.

BRIEF CITY NEWS

The Fifth Member—Governor Kibbey Tuesday appointed Charles W. Bowman of Tombstone, member of the Territorial board of equalization for the Second Judicial District. The board now will have an additional member by reason of the creation of the Fifth district. Mr. Bowman is a successful lawyer, having practiced in Cochise county for several years. Before that he was engaged in the practice of law at Tucson. J. Ernest Walker, of Phoenix, was appointed notary public.

Mother Looking for Son—E. O. Rouzer, manager of the Copper Queen Hotel, is in receipt of a letter from the mother of Willis Crenshaw, of Glasgow, Kentucky, inquiring as to the whereabouts of her son, who was last heard from in Bisbee two years ago. At that time the aged mother was in receipt of a letter from her son written on the office stationery of the Copper Queen Hotel.

Who Will Be Postmaster?—Postmaster McCabe tendered his resignation as postmaster of Bisbee on the 15th inst. So far two petitions have been circulated, one in the interests of M. E. Cassidy and the other favorable to Lewis Hunt. The resignation of Mr. McCabe is so worded to take effect on July 1. In the meantime the wires are being kept hot between here and Washington.

Restaurant Under New Management—Densmore and Densmore, who have purchased the interest of Tom Whitehead in the restaurant in the Opera building, announce that they will spare no pains or expense to keep up the well merited patronage now enjoyed by this establishment. Mr. Whitehead will remain with the firm for an indefinite time to assist in seeing that the former good service is continued.

Want Metal Flags—The Southern Pacific railroad has given notice that it will pay \$50 for the best metal flag design that is given to it within the next sixty days. In addition the road will pay all costs of patenting the design for the maker. The object is to get away from the use of cloth flags on trains, because of the rapidity with which they wear out.

CHANGE BAGGAGE MEN—Tom Seabridge, for some time with the E. P. & S. W. as baggage man at the city depot, has resigned his position there to take a place in the Junction Mine. H. E. Dickson has succeeded him at the depot.

POWER WAS OFF—Electric power in the city yesterday afternoon was conspicuous by its absence. The shut down was due to the burning out of some fuses. Repairs were completed to the damage shortly after 5 o'clock, and users of power were again given current.

PREPARING FOR EXCURSION—The young people of the gymnasium are making much preparation for the annual excursion to Lewis Springs, which will be run a week from Saturday. The fare for the round trip will be fifty cents and the promise is that there will be a long string of cars in the train.

PLENTY OF HAY—Where there was a famine almost at hand a few days ago in the matter of hay supply in the city, there is now a great plenty. In the last few days a number of cars have been received and there is not now likelihood of further shortage.

NEW GRASS IS UP—J. P. Perry, a Sulphur Springs valley ranch was in the city yesterday, says it will be but a short time before the valley will bloom with wild flowers in a luxurious setting of new grass. The latter is now well on its way up, and already affording some feed.

I. J. Johnson and wife are in Bisbee this week from Phoenix. Mrs. Johnson was a former resident of this city.
